

Town of  
**Canterbury**  
Plan For Tomorrow

**MASTER PLAN**  
**1998**  
CANTERBURY, NEW HAMPSHIRE

## Foreword

The Planning Board would like to thank the 1971, 1980 and 1989 Planning Boards for their contributions to the previous Plans for Tomorrow. Without their foresight and efforts the Town would be a vastly different town from what it is now. The 1971 Planning Board members were pioneers in planning for the Town of Canterbury, and it is hoped that future planning boards will gain inspiration from this Plan for continuing the difficult and challenging task of planning the Town's future.

Many individuals assisted the Planning Board in its effort to update the Plan. The Board extends its appreciation to all of those who assisted us, including members of the 1995 and 1996 Planning Boards. The Board would also like to thank the Concord law firm of Orr & Reno which provided substantial technical and clerical support during the creation of this Plan.

### An Invitation to Canterbury Residents:

The Canterbury Plan for Tomorrow, the result of many years of work by the Canterbury Planning Board and others, is only the beginning of preparing Canterbury for the 21st Century. We are now challenged with implementing the plan's recommended actions and policies. The Planning Board, Selectmen, Conservation Commission, and other Town boards will need additional help from the residents of Canterbury if this task is to be accomplished in a timely and effective manner.

If you have expertise in the issues addressed in this plan, we can use your help. If you do not have expertise in these issues but are concerned about how your community will change or not change in the next twenty years, we would like to have you join us. You may participate in either a short-term project or on a long-term basis.

Please let us know if you want to participate by calling any member of the Board or dropping us a note at the Sam Lake House, Canterbury, New Hampshire 03224, or attending a Board meeting on the second and fourth Tuesdays of each month at 7:30 at the Sam Lake House.
