FOR TOWN MEETING 2022**

Additions in Bold, deletions lined out...

19.11 Operational Requirements:

~~The Campground shall be seasonal, with an annual operation period that starts no earlier than March 21 and ends no later than November 15.~~ **A “Campsite” means a parcel of land rented for the placement of a tent, recreational vehicle, or a recreational camping cabin for the overnight use of its occupants. (See RSA 216-I:1 Definitions). Campsites are intended for temporary occupancy for recreational dwelling purposes only, and not for permanent rear-round residency.** The Campground must provide snow removal as necessary to ensure occupants and emergency services can safely access the Campground.

~~No site shall be used as a year-round residence. No structures shall be added to any campsite or vehicle such as roofs, storage sheds, patios, carports or other improvements. Recreational vehicles shall be fully registered at all times and shall not be permitted to deteriorate to a state of repair that would prevent a return to highway use. All recreational vehicles must be removed from all Campsites by November 16.~~

All persons must register with the Campground as required under RSA chapter 216-I upon entering a Campground. The Campground must make this Register open to inspection by local and state law enforcement authorities, local and state fire officials, and local code enforcement officials. 100 Campgrounds shall not allow occupants to use off-highway recreational vehicles on the Property.
