

## **TOP O' THE HILL DISC GOLF**

To the Canterbury Planning Board,

I am contacting you for the reason of extending Top O' the Hill disc golf.

This extension will involve using parcels of property owned by my neighbors Martha Gilman and Becky Hawkins (Gilman Girls LLC). We were talking one day about me extending the disc golf course onto their property. This will improve the quality of play on the course and provide forest management of the Gilman-Hawkins properties.

Martha and Becky are super supportive of this idea, this plan improves both Topo and their properties. They often walk on my course with their kiddos for exercise and have asked if their forest will be as clean and healthy as my course. I told them it would be just as beautiful.

The sport of disc golf has grown so much in the past few years that an extension of my course will allow more people to enjoy playing the sport of disc golf and for the Gilman Girls to see their land well managed and used for good recreation.

Here's what they wrote in an email to me March 7, 2022 to include in this pre-conceptual application.

*Land owners Martha Gilman and Becky Hawkins are in agreement with this proposal. They are pleased that the land will be used in a non-industrial way and they are glad they can continue a good working relationship with neighbors, Marty and Betsy Vaughn. Given that they currently live out of state, they wish to attend the meeting of this proposal by way of a digital platform. Please let us know what is needed to do so and anything else required from them.*

Sincerely,

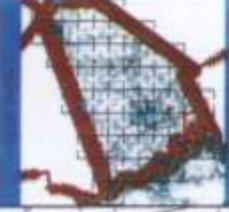

Martin G.Vaughn
