Re: A&M Project #2915-01
Proposed Development
Hall Road, Canterbury NH
Site Plan Review
Waiver Request

Dear Mr. Ruesswick and Members of the Board,

Waiver Requests

The applicant, Station Meadow, LLC, respectfully requests that the Planning Board waive the following requirements from the Town of Canterbury Sit Plan Review Regulations, Section IV., #11 Noise Study.

The proposed development is situated along Interstate 93, and the ambient noise from the Interstate will likely be greater than any activities associated with the proposed development. Also, any HVAC building mounted equipment will be the latest technology to limit noise.

Very truly yours,

ALLEN & MAJOR ASSOCIATES, INC.

Aaron Mackey, P.E.
