To residents and abutters of Sherwood Forest,

re: Lot Line Adjustment application from Mr. Pare, 19 Old Gilmanton Road, Canterbury:

As we understand this application as it currently stands, it appears to be an unusual and amicable boundary adjustment between Mr. Pare and several of his neighbors. These include David Pollack of 120 Canterbury Shore Drive and James and Mickey Chandler of 21 Old Gilmanton Road. It is not an exchange of land but a rationalization of boundary lines between neighbors. It is not a subdivision, but rather a lot line adjustment.

Attached please find the 3 maps in the application. The hearing will be on Tuesday November 9, at 7 pm, in the Meeting House. loy

Lois Scribner, secretary, Planning Board.
